Underwritten by MCS Life Insurance Company. MCS medilíneaMD phone consultations are available 24/7/365, including holidays. Prescriptions are not guaranteed, and will be determined by the doctor, according to the patient's clinical scenario. No prescriptions will be issued for refills for existing drugs, or for substances controlled by the Drug Enforcement Agency (DEA), or for non-therapeutic drugs and others that may be harmful, due to their potential for abuse. MCS medilíneaMD doctors reserve the right to deny a medical consultation if they determine the misuse of the service. Patients are responsible for verifying their benefit description documents and/or their drug formularies to determine whether MCS will cover certain prescriptions and the supply corresponding to their coverage.
